

Yamada Conference LXXV Origin of left-right asymmetry in animals

January **24^{TUE}** - **27^{FRI}** 2023

Kobe Campus, RIKEN Center for Biosystems Dynamics Research, Japan

| OPENING AND KEYNOTE SPEAKERS:

Nobutaka Hirokawa (The University of Tokyo, Japan)

Cliff Tabin (Harvard Medical School, USA)

| ORGANIZERS:

Martin Blum (University of Hohenheim, Germany)

Hiroshi Hamada (RIKEN Center for Biosystems Dynamics Research, Japan)

Stéphane Noselli (iBV - Institut de Biologie Valrose, France)

Cliff Tabin (Harvard Medical School, USA)

| Host: Yamada Science Foundation

| Co-Host: RIKEN Center for Biosystems Dynamics Research (BDR)

| Co-sponsors: Tsutomu Nakauchi Foundation

MEXT Grant-in-Aid for Scientific Research (A)

“Left-right symmetry breaking in vertebrates:
cilia-dependent and independent mechanisms”

Important Deadlines

-Abstract submission for oral presentations

-Registration for participants requiring a
visa to enter Japan

📅 Friday, October 14, 2022

-Abstract submission for poster presentations

-General registration

📅 Friday, November 25, 2022
